Welcome

Welcome to the Birdville High School Hawk Band Spring Concert and Class of 2021 Senior Recognition.

- Please silence all cell phones.

- If at all possible, do not enter or leave the venue during a musical selection. If arriving late, please wait in the hallway until the end of a selection and then find a seat.

- Applause is appreciated after a selection but yelling and whistling are inappropriate for a formal concert presentation and are distracting and embarrassing to the performers. In multi-movement works, please hold your applause until the end of the entire piece (this is indicated by the conductor lowering his/her hands and stepping off the podium).

- If you video tape the performance, only post to private social media posts or share with family outside of social media. This is due to copyright law.

- If attending a performance with small children or babies, it might be wise to choose a seat near the back of the auditorium on the outside of the row so that you may leave quickly should the child become a distraction to the performance or audience.

- Talking or anything that would be distracting should be avoided during the musical performance.
